

THE MILITARY NEWS.

Camp Week Not Long Enough is the General Opinion.

COMPANY B ASSOCIATION.

Reunion of Rhode Island Fifth and Battery F Next Friday—The First Regiment Discontinues Drills for the Summer—Quarterly Meeting of the F. L. I.

Everything is very quiet in military circles just now as it always is for about two months after camp. The effect of camp week is manifold, some men being in a rather used up state owing to the hot week and the extra amount of exertion. The change of diets also accounts for some illness but the men who were partially knocked out in camp are all doing well and have nearly all recovered.

The officers are warm in the praise of the actions of the men through the week, the drill on each day having been well attended and the men all appearing to be anxious to master the new tactics and regulations. There was an average of about 150 more men in camp each day than last year, an indication that more interest is felt in the proficiency of the militia, which pleased Gen. Kendall and the other officers.

It is hoped by all interested, that next year the troops will be allowed to remain in camp a few days longer and over one Sunday and not pull up sticks at the end of the week as they are beginning to become accustomed to camp duty and proficient in drill.

There is a movement on foot for the enactment of a law which will allow the members of the militia company, who belong to the Sons of Veterans, to wear the badge of the order when on parade with their respective companies.

A grand order will be issued from this week announcing the suspension of all drills until October. This is a practice followed every year owing to the absence of many of the officers during the summer months.

Company B Association held their annual summer meeting July 28. A picnic was held at the Perry house, a party resort is near the Bellefonte station just across the river, and the members of the association will take the 12:05 and 1:30 trains on the Oakland Beach Railroad.

The Fifth Rhode Island and Battery F, Veterans Association will hold their annual re-union at Crescent Park next Friday, rain or shine. There will be a large gathering of past and present military men at this meeting.

There will be an adjourned quarterly meeting of the First Light Infantry Regiment, on Monday evening, July 23, at 8 o'clock.

GENERAL HOLIDAY PROCLAIMED.

While Churches Give Thanks for Favors—The Stars and Stripes Must Float—Over the School Houses as Centres of Patriotic Demonstration.

WASHINGTON, July 22.—The following was issued yesterday by the President of the United States of America:

A PROCLAMATION. Whereas, by a joint resolution, approved June 20, 1892, it was resolved by the Senate and House of Representatives of the United States of America in Congress assembled, "that the President of the United States be authorized and directed to issue a proclamation recommending to the people the observance in all their localities of the 400th anniversary of the discovery of America, on the twenty-first day of October, 1492, by public demonstration and by suitable exercises in their schools and other places of assembly."

Now, therefore, I, Benjamin Harrison, President of the United States of America, do hereby appoint Friday, October 21, 1892, the four hundredth anniversary of the discovery of America by Columbus, as a general holiday for the people of the United States, and the people so far as possible cease from toil and devote themselves to such exercises as may best express honor to the discoverer and their appreciation of the great achievements of the completed centuries of American life.

Columbus stood in his age as the pioneer of progress and enlightenment. The system of universal education is in our time the most prominent and salutary feature of the spirit of enlightenment and it is peculiarly appropriate that the schools be made by the people the centre of the day's demonstration. Let the national flag float over every school house in the country, and the exercises be such as shall impress upon our youth the patriotic duties of American citizenship.

Let the churches and other places of assembly of the people, let their expressions of gratitude to Divine Providence for the devout faith of the discoverer and for the Divine care and guidance which has directed our history and so abundantly blessed our people.

BLOOD-THIRSTY REVENGE.

Repeated and at Last Successful Attempts to Murder a Brother Officer.

BROWNSVILLE, Tex., July 22.—Full particulars of the sad affair at the Loguerra ranch, Tamaulipas, Mex., have been received in Matamoros.

It seems that Lieut. Garcia Cuellar, belonging to Col. Malneiro's command, was sent in charge of an escort carrying clothing and equipments to a detachment under Lieut. Pablo Perez, stationed at the Guerras ranch.

The lieutenant, through some private misunderstanding, were deadly enemies. A fight ensued and both fired their revolvers without any fatal result.

Lieut. Cuellar started alone on his way back to Mier, when Lieut. Perez ordered the bugle to sound the call to arms.

The men, twenty in number, followed and overtook Cuellar and opened a fusillade upon him with their rifles.

Cuellar, single-handed and alone, fired forty shots from his pistol, facing his pursuers, and when his ammunition became exhausted he yelled out to his pursuers that he would surrender if his life was spared.

He was captured, but not before another volley was fired at him, without any injury to his person.

After he was captured Lieut. Perez grasped a gun from one of the soldiers and took deliberate aim at Cuellar's breast, shooting him dead.
